Makassar, Indonesia

## Profile Summary

Hi, I'm Yusuf Barakka, a Civil Engineering graduate from Politeknik Negeri Ujung Pandang. I have 6 years of experience in construction with additional skills in basic BIM modeling using Revit and Civil 3D. Skilled in technical drawing, project coordination, and quantity take-off. Currently developing my capabilities further as a BIM Engineer and Project Construction Engineer

## Professional Experience

### ● PT Minarta Dutahutama — Drafter (Revit & Civil 3D) | 2022 – 2025

- a. Prepared shop drawings and as-built drawings
- b. Supported quantity take-off and project documentation
- c. Communicated with site and design engineer

### ● PT Bintang Arraffa — Project Administrator | 2020 – 2021

- a. Managed contracts, addendums, and payment claims
- b. Created daily, weekly, and monthly reports
- c. Prepared Bill of Quantity and volume backup
- d. Coordinated with consultants and technical teams

## Skills & Competencies

- **BIM Modeling:** Revit (modeling, family, annotation, documentation), Civil 3D (surface, alignment, assembly, corridor, plan, profile, section, documentation)
- **Technical Drawing / Shop Drawing**
- **Quantity Take-Off**
- **Construction / Site Coordination**
- **Basic Project Planning**
- **Adaptability & Learning Mindset**

## Portofolio

- ✓ BIM modeling samples (Revit & Civil 3D)
- ✓ Technical drawings
- ✓ Quantity take-off sheets
